Service Lifecycle and Discontinuation Notice

QuickBooks Payroll Support has served as an accounting solution for many small and medium-sized businesses. However, Intuit has announced that support for this version is scheduled to end on May 31, 2026. This means that after this date, updates, Payroll services, and customer assistance for this version will no longer be provided. Understanding this service change is important for helping businesses prepare and reduce operational interruptions. For current guidance and assistance, call 1-888-490-9660 or 1-888-490-9660.

How Will the Discontinuation of **QuickBooks** Payroll Support Affect Users?

The end of **QuickBooks** Payroll Support means:

Automatic Updates End – The software will no longer receive automatic software or security updates.

Payroll Services End – Services such as tax table updates will stop after this date.

Customer Assistance Ends – Intuit support for this version will no longer be provided.

Security Concerns – Without ongoing updates, the software may face greater exposure to security threats.

Businesses should begin preparing an upgrade plan to help avoid future interruptions. It is recommended that businesses create secure backups of company files before the service end date. Without planning an upgrade, users may encounter payroll mismatches, update failures, or file-related problems.

Why Older **QuickBooks** Versions Are Discontinued

Older versions are discontinued so Intuit can focus on newer software with enhanced features, cloud capabilities, and stronger security. Important reasons include:

Providing stronger security measures

Maintaining current payroll and tax table services

Expanding cloud integration with **QuickBooks** Online

Enhancing software performance and reliability
