RUFORUM and Biennial Conference

RUFORUM: The Regional Universities Forum for Capacity Building in Agriculture (RUFORUM) is an umbrella organization of 29 universities based in 17 countries in Eastern, Central and Southern Africa. It serves to promote integration of university research, training and outreach into Africa’s development agenda. This task is addressed not only through better trained graduates entering the rural development work force, but also by conducting more relevant and development-oriented research that is directly linked to participatory outreach programmes.

The Biennial Conference: The 2012 RUFORUM Biennial Conference is the third in the series. The main objective of the Biennial conferences is to provide a platform for agricultural research for development stakeholders in Africa and beyond to actively exchange findings and experiences, while at the same time learning lessons towards improving performance of the agricultural sector and ultimately people’s livelihoods. The biennial conference is RUFORUM’s most comprehensive meeting for the diversity of stakeholders in agriculture. It is especially dedicated to graduate students and their supervisors, grantees in RUFORUM member universities and alumni. It is a platform for peer review, quality control, mentorship, networking and shared learning. The third Biennial Conference was attended by 657 participants.
Partnerships and Networking for Strengthening Agricultural Innovation and Higher Education in Africa

24 - 28 September 2012, Entebbe, Uganda

Foreword

The Conference on Partnerships and Networking for Strengthening Agricultural Innovation and Higher Education in Africa was jointly organised by Gulu University, Kyambogo University, Makerere University, Uganda Martyrs University, National Agricultural Advisory Services, National Agricultural Research Organisation and the Regional Universities Forum for Capacity Building in Agriculture (RUFORUM). The organisation of the Conference was co-funded by the Forum for Agricultural Research in Africa, International Development Research Centre, Technical Centre for Agricultural and Rural Cooperation and the World Bank. A diversity of papers were presented that addressed development challenges in Africa and Research and Development efforts being undertaken in different parts of the continent. Case studies from outside Africa were also presented. The papers, published as part of RUFORUM Working Document Series No. 7 are available in three parts (Part 1, Part 2 and Part 3) and have been posted online at www.ruforum.org and www.mak.ac.ug

Editors: Tusiime, G., Majaliwa, J.G.M., Nampala, P. and Adipala, E.

28 September, 2012
Table of contents

Part Two

Coordinated Action for Agricultural Innovation

Global change and the future of African Agriculture: What role for Higher Education?
Carter, S. and Sanginga, P.  995

Prospects of agricultural development in Africa: Implications for agricultural education and training
Annor-Frempong, I.  1019

Emerging trends and scenarios for agribusiness development in Africa
J. Van Rooyen  1037

Dissemination of agricultural technologies: A new approach for Uganda
Ogwal Kasimiro, Okello J., Wakulira, M., Kiyini, R., Mwebaze, M. and Yiga, D.  1067

Food system dynamics in Africa: Anticipating and adapting to change
Minde, I.J., Tschirley, D. and Hagglade, S.  1081

The difficult art of partnership and institutional commitment
Larsen, C.E.S.  1095

Orienting higher education to support Africa’s agricultural development
Okori, P. and Adipala, E.  1107

Strengthening S&T Capacity in Africa

Agricultural Research and Higher Education in Africa: Trends, Challenges and Ways of Moving Forward
Nienke Beintema  1129

Roles of agricultural Universities in extension of S&T achievements and transformation of agricultural development patterns: A case study in Henan, China
Dexian, H.E.  1141

The role of academy in relation to the agricultural research development in Parana State, Brazil
Nilceu Nazareno, R.X. and Gonçalo Signorelli Farias  1153
Higher Education partnerships: Experiences and impact in sub-Saharan Africa
Teshome Alemneh and Tully Cornick

Providing opportunities to African youths and other disadvantaged groups: The Uganda Martyrs University approach/strategy
Olweny, C.L.M.

NARI-University collaboration for development impact
Baguma, Y., Edema, R., Okori, R., Nkalubo, S., Otim, M., Ebong, C. and Gibson, P.

Strengthening science and technological capacity in Africa: Engaging women and youth
Mibey, R.K.

Strengthening S&T capacity in Africa: Engaging women and youth - Strategies, Lessons and Experiences from YPARD and YPARD Africa
Paisley, C. and Cherbonnier, M.

CSIR and collaboration with Universities in agricultural research in Ghana
Mamaa Entsua-Mensah, R.E.

MSc Programme in agrometeorology and natural risk management at Harmaya University, Ethiopia
Lisanework Nigatu and Beneberu Shimeles

Towards harmonising quality assurance for postgraduate training and research in RUFORUM member universities
Ekaya, W.N., Mkandawire, S.C., Obura, R., Ngwira, T., Cossam, J. and Adipala, E.

Creation of African-based, open curricular materials: The AgShare Method
Kaneene, J., Kabasa, J.D., Odhiambo, M., Wambalaba, F., Haji, J., Yousef, J. and Butcher, N.

Creation of research linkages in Africa by regional bodies
Gitao, C.G. and Akundabweni, L.S.M.

Experiential learning: Theory and practice at three RUFORUM Universities
Hawkins, R. and Osiru, M.

RUFORUM field attachment programme award: An internship programme for MSc. students
Ntwali, C.A., Nampala, P., Osiru, M., Nambi, E. and Adipala, E.
Capacity building for bean improvement in Sub-Saharan Africa
Mukankusi, C.M., Muthoni, R., Abang, M. and Burruchara, R.

Advancing nutrition, human rights and governance studies as a sustainable capacity building partnership to improve food and nutrition programming: Experiences from a North-South-South Inter-Universities project in Africa and Europe
Rukundo, P.M., Kikafunda, J., Byaruhanga Rukooko, Kaaya, A., Marais, M., Renee Blaauw, Wenche Barth Eide, Bard Anders Andreassen, Per Ole Iversen and Arne Oshaug

Crop Improvement

Production of disease-free papaya planting materials of known sex for commercial fruit production
Wanzala, F.K.R., Kihurani, A.W., Mwaniki, M. and Waiganjo, M.M.

Effectiveness of macropropagation technology in production of disease free banana seedlings in central and eastern Kenya
Njeri Njau, Mwangi, M., Kahuthia-Gathu, R., Muasya, R. and Mbaka, J.

Diversity of finger millet for crop improvement in Uganda
Dramadri, I.O., Okori, P. and Wanyera, N.

Sorghum breeding for improved productivity, nutrition and industrial use

Characterisation of selected sorghum genotypes in Zambia for field traits and aluminium tolerance
Chikuta, S. and Mwala, M.S.

Unravelling the potential of sweet sorghum for sugar production in Kenya
Olweny, C., Okori, P., Abayo, G. and Dida, M.

Development of dual-purpose sorghum for grain and forage
Chikuta, S. and Okori, P.

Improvement of sorghum for tolerance to stress and increased production and utilisation in Kenya
Identification of QTL’s linked for resistance to maize cob rot caused by *Fusarium graminearum* in tropical maize
Tembo, L., Asea, G., Gibson, P.T. and Okori, P.

Resistance to the maize weevil (*Sitophilus zeamais* Motsch) among maize inbred lines
Mwololo, J.K., Okori, P., Mugo, S., Tadele, T., Otim, M. and Munyiri, S.W.

Usefulness of F$_3$ testcrosses to identify bi-parental maize populations with the best potential for producing superior inbreds
Nizeyimana, F., Edema, R. and Asea, G.

Variability and associations of grain filling traits with grain yield and yield components in CIMMYT maize inbred lines
Gasura, E., Setimela, P. S., Edema, R., Gibson, P.T. and Okori, P.

Harnessing University-NARS partnership to breed climate change resilient and nutrient-rich maize varieties for Africa
Asea, G., Onaga, G. and Kwemoi, D.B.

Stability of barley genotypes for earliness, resistance to leaf scald disease and yield in Ethiopia
Lijalem, G., Fetien, A. and Edema, R.

Field screening of bread wheat for partial sources of resistance to stem rust
Nzuve, F.M., Bhavani, S., Tusiime, G. and Njau, P.

Genetics of resistance to groundnut rosette virus disease among groundnut landraces in Uganda
Kayondo, S.I., Rubaihayo, P., Ntare, B.R., Gibson, P. and Edema, R.

Assessing the effectiveness of pyramided genes in conferring broad resistance to bean anthracnose
Kiryowa, M., Nkalubo, S., Mukankusi, C., Talwana, H. and Tukamuhabwa, P.

Phenotypic diversity of Ugandan pigeonpea landraces and their reaction to Fusarium wilt in Uganda
Okot, F., Edema, R. and Mukankusi, C.M.

Marker assisted introgression of *Phytophthora capsici* resistance genes into locally adapted pepper variety cv. scotch bonnet
Awori, E., Tusiime, G. and Nkalubo, S.
Genetic diversity of honey producing plants under changing climate in Southern Nigeria: Need for conservation to improve food security and livelihood option

Nnamani, C.V. and Uguru, A. N.

In-vitro determination of kernel resistance to Aspergillus flavus and aflatoxin accumulation in groundnut

Ozimati, A., Rubaihayo, P.R. and Ntare, B.

Integrated Crop Management

Advances in cassava research in management of Cassava Brown Streak Virus Disease in Uganda

Settumba Mukasa

Conserve and screen premium value indigenous plant biodiversity and products on smallholder farming systems of Lake Victoria Basin in East Africa

Namutebi, A., Akundabweni, L.S.M., Munialo, S. and Ssozi, J.

Investigating viability of premium influenced land use structure in production of quality indigenous vegetable

Munialo, S., Akundabweni, L.S.M., Mburu, J. and Namutebi, A.

Verifying the premium value of selected African indigenous vegetables in target sites of the Lake Victoria basin

Ssozi J., Akundabweni, L.S.M. and Namutebi, A.

Determinants of adoption of butternut squash (Cucurbita moschata) farming among small-holders in Suba district, Kenya

Isaboke, H.N., Mshenga, P., Mutai, B.K. and Saidi, M.

Utilisation and conservation of shea butter trees (Vitellaria paradoxa) in and around Aloi Internally Displaced Persons’ Camps in Lira district, northern Uganda

Okullo, J.B.L., Ongom, B., Waiswa, D., Alum, W. and Obua, J.

Calibration and validation of AquaCrop model for maize in sub-humid and semi-arid regions of central highlands of Kenya

Ngetich, K.F., Raes, D., Shisanya, C.A., Mugwe, J., Mucheru-Muna, M., Mugendi, D.N. and Diels, J.

Improving maize-beans yields through improved soil moisture storage using trapezoidal bunds and manure in Machakos County-Eastern Kenya

Openda, G.S., Mochoge, B.E. and Danga, B.O.
Developing management options for optimising water and nitrogen utilisation for maize production in Malawi

Mthandi, J., Kahimba, F.C., Tarimo, A.K.P.R., Salim, B.A. and Lowole, M.

Legume biomass transfer for enhancing productivity of maize in *Striga* infested farmlands: The case of Iringa district, Tanzania

Sibuga, K.P., Msaky, J.J., Malima, G., Aloyce, M., Nyallu, L., Mabula, D. and Hepelwa, R.

The effect of different *In-situ* conservation methods on yield of Teff in Tigray, Northern Ethiopia

Yared Tezera, Solomon, H. and Araya, A.

Pigeon pea-groundnut intercrop maize rotation cropping system: A tool for improving maize production in Malawi

Yield and rain water use efficiency of maize (*Zea mays* L.) under selected soil and water conservation technologies in the central highlands of Kenya

Improving water management for irrigated rice production in the South-Kivu province, Democratic Republic of Congo

Amoding, A., Walangalulu, M. and Majaliwa, J.G.M.

Water productivity and evapotranspiration of teff (*Eragrostis tef*)

Atakilt Berihun

Design parameters, criteria and operation guidelines of controlled drainage and Sub-irrigation for *dambo* smallholder farmers’ water user groups

Mwenechanya, F., Kahimba, F.C., Tarimo A.K.P.R., Wiyo K.A. and Salim, A.B.

Modelling of runoff water harvesting, storage and irrigation for dry season bean production

Singa, D.D., Tumbo, S., Mahoo, H., Rwehumbiza, S. and Lowole, M.

Effect of different tillage methods on soil moisture dynamics in maize-bean cropping systems in semi arid Mwala district, Kenya

Karuma, A.N., Mtakwa, P.W., Amuri, N. and Gachene, C.K.K.

Effectiveness of *Rhizobium leguminosarum* strains nodulating hairy vetch, an introduced forage legume in the sandy soils of Zimbabwe

Tumbure, A., Wuta, M. and Mapanda, F.
Effect of soil quality on potential of forage establishment in Chivi fallow lands, Zimbabwe
Tavirimirwa, B., Manzungu, E. and Ncube, S.

Performance of introduced irrigated rice varieties in Ruzizi plain, South Kivu province, DR Congo

Short-term effects of soil fertility, tillage and residue management on soil organic carbon, aggregate stability and water infiltration on a sandy soil in urban agriculture, Harare
Shumba, A., Nyamasoka, B., Nyamugafata, P., Madyiwa, S. and Nyamangara, J.

The use of Crotalaria species in sustainable management of plant-parasitic nematodes of vegetable crops in western Kenya
Omami, E., Njira, P.N., Kipkoech, A.K., Ngode, L., Obura, P., Ndinya, C., Mbogo, M., Cheruyout, H. and Ochuodho, J.O.

Management of mycotoxins in wheat: Assessment of the role of plant residues, cropping systems and diversity of fungal species on mycotoxin contamination of wheat
Wagacha, J.M., Mutegi, C.K. and Muthomi, J.W.

Towards development of site specific technologies for identification of fields infested with root-knot nematodes (RKN) under tomato cropping system in Mwea, Kenya
Wendet, P.K., Kariuki, G.M., Kariuki, F.W., Birgen, J.K., Njue, A. and Ngundo, G.W.

Agro-morphological characterisation of exotic and local green gram (Mung bean) (Vigna radiata) for breeding purposes in Uganda
Waniale, A., Talwana, H. and Wanyera, N.

Evaluation of root- knot nematode management strategies based on their distribution in tomato fields in Mwea, Kenya
Ngundo, G.W., Kariuki, G.M., Kariuki, F.W. and Birgen, J.K.

Diversity of pathogens and symptoms associated with dieback on passion fruit in Kenya
Wangungu, C.W., Mwangi, M., Gathu, R.K., Muasya, R. and Mbaka, J.

Ecology and safer management of storage insect pests in sorghum smallholder farming systems
Rwafa, R., Mvumi, B.M. and Machekano, H.
Susceptibility of some varieties and breeding lines of tomato to *Liriomyza* spp. infestation in central Sudan
Faiza Salah, E.E., Elamin Elamin, M., Elameen Eltoum, M.A., Hayder Abdelgader and Dominique Bordat

Local processing of plant fibres: Current status of the industry in Swaziland

Enhancing farmers’ adaptation to climate change by integrating traditional and conventional drought prediction and preparedness techniques in Kenyan Central Highlands
Mugi, W.E. and Mucheru-Muna, M.

Effect of leaf leachate of *Prosopis juliflora* (Swartz DC) and *Acacia raddiana* (Brenan) on early growth of *Sorghum sudanense* (Piper Stapf)
Hasabelrasoul Fadlelmula Mustafa and Rona Abdallah Bushra Ali

Measuring maize (*Zea mays* L.) genetic coefficients for modeling water-limited potential yield and yield gaps in the Wami-Ruvu river basin, Tanzania: An overview
Mourice, S.K., Rweyemamu, C.L., Tumbo, S. and Nyambilila, A.

Effects of organic residues type and placement on maize yields in Machakos, Kenya
Mbaluka, L.T. and Danga, B.

---

**Enhancing Livestock Productivity**

Livestock production and improvement in India: Problems and opportunities in the context of global scenario
Yadav, M.P.

Performance of starter pigs fed malted and fermented maize based weaner diets
Beyhayo, G.A., Mutetikka, D. and Nabasirye, M.

Quality and processing potential of goats produced by smallholder farmers in Malawi
Muyila, S. and Chigwa, F.

Effect of kid rearing system on farmer’s available milk, milk composition and kid growth rate of pure Norwegian dairy goats reared in Tanzania
Chigwa, F.C., Muhikambele, V., Ádnoy, T. and Eik, L.O.
Determinants of milk production in Nyabubare sub county, Bushenyi district, Western Uganda
Arinaitwe, G. and Bua, B.

Development and adoption of technologies for improving dairy productivity and nutrition among smallholder dairy farmers in Malawi
Gondwe, T., Chanza, W., Kawonga, D. and Msiska, L.

A comparative analysis of breeding information sourcing and net margin estimates of inseminations and replacement decisions of smallholder dairy farmers
Muthui, N.J., Mshenga, P.M. and Omedo Bebe, B.

Assessment of economic and socio-economic factors affecting the demand for goats and goat meat in Malawi
Masangano, J.C.

Peste des Petits Ruminants (PPR) outbreak in southern, Tanzania

Determination of seasonal parasite carriage of village chicken in Mbeere, antiparasitic treatments used and effectiveness of selected anthelmintics
Chege Wambui, H., Bebora, L.C., Maingi, N. and Mbutia, P.G.

Enhancing Natural Resource Management

Determinants of adoption and utilisation of integrated soil fertility management by small holders in Central Kenya
Mugwe, J.N., Mairura, F., Kimaru, S.W., Mucheru-Muna, M. and Mugendi, D.N.

Productivity and phosphorus use efficiencies of soybean genotypes on fields of differing soil fertility in two agroecological zones of Uganda
Ssekamw, J., Ebanyat, P. and Tukamuhabwa, P.

Improving biological nitrogen fixation (BNF) by groundnuts (Arachis hypogea L.) grown in acid soils amended with calcitic and dolomitic limestones

Effectiveness of Bradyrhizobia and lime on yield of groundnuts and maize under intercrop system in acid soils of western Kenya
Ogega, J.K., Okalebo, J.R., Were, B.A., Otinga, A.N., Onyango, D.A. and Othieno, C.
Diversity and symbiotic effectiveness of acid tolerant groundnut rhizobia in Western Kenya soils

Onyango, D.A., Were B.A., Otinga, A.N., Ogega, J.K. and Okalebo, J.R.

Potential role of cereal-legume intercropping systems in integrated soil fertility management in smallholder farming systems of sub-Saharan Africa

Matusso, J.M.M., Mugwe, J.N. and Mucheru-Muna, M.

Effects of NP fertilisers and manure application on maize-bean yields, and soil nitrogen mineralisation in Machakos County, Eastern Kenya

Ogucha, N., Mochoge, B.E. and Kibunja, C.

NP fertiliser rate response of maize and sorghum succeeding sole or intercropped haricot beans

Tolera Abera

Comparative effects of MPR and P water soluble fertilisers on maize yield in sandy soils of Tabora, Tanzania

Kalala, A.M., Bilalo, A.L., Bagarama, F.M. and Semoka, J. M. R.

Chemical properties of travertine from different sources in Rwanda with regards to their calcium oxide and magnesium oxide contents

Sirikare, N.S., Naramabuye, F.X., Marwa, E. and Semu, E.

Growing *Tithonia diversifolia* for fertility restitution of technosols from coltan mined soils of Gatumba, Rwanda

Ndoli, A., Naramabuye, F., Mochoge, B. and Rolf Nieder

Improving soil properties through use of unburnt local limes in acidic soil of Burera district, Rwanda

Nduwumuremyi, A., Mugwe, J.N. and Ruganzu, V.

Impact of land use and climate change on stream flow, sediment and pollution dynamics in Kagera river watershed

Osaliya, R., MacOpiyo, L., Majaliwa, M.J.G., Kironchi, G. and Mwetu, K.

Promoting corporate and community involvement in natural resource management through dissemination of research findings and participation in field investigations of mine pollution in Kasese, Western Uganda

Osaliya, R. and Majaliwa, J.G.M.

Wild fire impact assessment on availability of the main forest resources in the Nniassa National Reserve

Aniceto Chaúque, Natasha Ribeiro, Bandeira, R. and Ribeiro, A.
Determinants of adoption of soil erosion control technologies in Mt. Elgon highlands in eastern Uganda
Barungi, M., Ng’ong’ola, D.H., Edriss, A., Mugisha, J., Waithaka, M. and Tukahirwa, J.

Forest dependency and livelihood around Kasane Forest Reserve, Botswana
Lepetu, J., Alavalapati, J. and Nair, P.K.

Forest exploitation and the challenge of conservation in Nigeria
Ikelegbe Onovughe, O.

Value Chains and Innovation Platform
Overview of the sub-Saharan Africa Challenge Programme (SSA CP): Proof of the Integrated Agricultural Research for Development (IAR4D) Concept
Adekunle, A.A. and Fatunbi, A.O.

The RUFORUM Community Action Research Programme: A programme to link African Universities to communities and agribusiness
Osiru, M., Nampala, P., Ntwali, C., Nambi, E. and Adipala, E.

Experiences on Community Action Research Programme (CARP)
Njera, D.

Economics of management of farmer associations in Western Kenya
Soi, C.C., Kipkoech, A.K., Mwakubo, S., Okalebo, J.R., Ochudho, J.O., Othieno, C. and Nekesa, O.A.

An evaluation of the operations of three farmer associations in Western Kenya
Navalayo, C.U., Kipkoech, A.K., Odhiambo, M.O., Ochudho, J.O., Okalebo, R.O., Othieno, C. and Nekesa, O.A.

Analysis of critical factors influencing performance of fish farmer organisations in Dowa and Mchinji district in central Malawi
Njera, D., Chonde, C., Kambewa, D., Dzanja, J. and Kayambazinthu, D.

University outreach support to farmer associations in Western Kenya: The case of The RUFORUM’s Community Action Research Project (CARP) at Moi University
Shifting from outreach to engagement: Transforming Moi University’s response to current development trends in agricultural research and training in Eastern, Central and Southern Africa

Enhancing market opportunities through value chain development: The role of University research
Jagwe, J.N.

Innovation platform as an approach to enhance food security in Rwanda: Experiences from maize platform with Research into Use Project (2008-2010).
Dusengemungu, L., Kibwika, P. and Kyazze, F.B.

Scaling up innovation platform approach implementation in Rwanda
Dusengemungu, L. and Ndayisenga, P.

Food Science and Value Addition

Constraints to use of animal source foods in diets of 2 - 5 year old children from rural communities in Kamuli District, Uganda
Oluka, S., Lartey, A., Colecraft, E.K. and Sakyi-Dawson, O.

Performance of evening street markets of agri-food products in Morogoro municipality, Tanzania
Zobida Habib, O.H. and Mutabazi, K.D.S.

Effect of germination on the protein digestibility of some finger millet varieties grown in Kenya
Makokha, A.O.

Influence of soil moisture levels and packaging on postharvest qualities of tomato
Sibomana, C.I., Aguyoh, J.N. and Opiyo, A.M.

Harnessing Aquaculture and Fisheries Resources

Diet and feeding habits of a small catfish, *Clarias liocephalus* in wetlands of western Uganda
Yatuha, J., Kang’ombe, J., Rutaisire, J., Sikawa, D. and Chapman, L.

Temperature-dependent egg development rates and hatching period of Chambo, *Oreochromis karongae* (Pisces: *Cichlidae*)
Valeta, J.S., Likongwe, J.S. and Kassam, D.
Age and growth of the Nile perch, *Lates niloticus* L. in Lake Victoria, Uganda 2071
Nkalubo, W.N. and Chapman, L.J.

**Communication and Knowledge Management**

Characterising access to climate information and services by the vulnerable groups in semi-arid Kenya 2077
Cherotich Kirui, V., Saidu Oseni and Omedo Bebe, B.

Infrastructural support affect the use of information and communication technologies by farmers for accessing agricultural information in Gezira State, Sudan 2083
Musa, N.S., Githeko, J.M. and El-siddig, K.

New approaches for improving farmers’ livelihoods through timely and proper use of weather forecast information: A pilot case in Kenya 2089
Mwesigwa, J.B., Onyango, M., Oduor, J., Mwangi, S., Ayieko, J., Onyango, M., Ogambi, F., Ole Ntiati, N. and Ogallo, L.A.

Women participatory evaluation of video impact using sustainable livelihood approach 2095
Zossou, E., Van Mele, P., Wanvoeke, J. and Lebaillly, P.

**Risk and Vulnerability in Agriculture: Responding to Climate Change and Variability**

Climate change and implication on food and agriculture in Africa 2103
Ogallo, L.A. and Oludhe, C.

Rainfall trends, soil organic carbon and N\(^{15}\) isotope status in selected wetlands in Lesotho 2109
Olaleye, A.O., Nkholoane, T. and Mating, R.

Impact of land use/cover change on soil carbon stocks, livelihoods and opportunities for mitigation in Mt. Elgon region 2121
S. Balaba Tumwebaze

Contribution of agroforestry to natural resources management, food security and climate change mitigation: Experiences from Tabora region, western Tanzania 2129
Gama, B.M., Matata, P., Otsyina, R.M., Kitalyi, A. and Nyadzi, G.I.

The effect of climate variability and change on forage availability and productivity in Uganda’s cattle corridor: A case study of Karamoja sub-region 2141
Egeru, A., MacOpiyo, L. and Majaliwa Mwanjololo, G.J.
The impact of climate change and variability on agricultural production: Adaptation strategies in Teso sub-region of eastern Uganda
Ekiyar, V., Jumbe, C., Mangisoni, J., Mkwambisi, D., Mwase, W., Njoloma, J. and Ekere, W.

Cross Cutting

Over view of impact indicators of soybean rust resistant varieties on Uganda’s economy
Tukamuhabwa, P., Kawuki, R., Nanfumba, D., Obua, T. and Bashaasha, B.

The Forum for sustainable agriculture in Africa: Genesis, operations and future prospects
Senkosi, K. and Okello, D.L.

The nature of land resource ownership and perceptions on its management among farming families of South East Nigeria
Olajide Adeola, O. and Doppler, W.

Impact of microfinance on the performance of small-scale agribusinesses in Malawi: A case study of PRIDE Malawi Limited in Lilongwe district
Chetama, J.C., Dzanja, J., Maliro, D. and Gondwe, S.

Micro credit intervention in rural poor households and its effects on household vulnerability to poverty
Kiiru, J.M.

Assessment of goat production systems and social-economic factors affecting demand of goats and goat meat in Malawi
F. Chimwemwe Chigwa

Strengthening capacities of agricultural communities to adapt to climate change in Bukinda Sub county, Kabale district
Mwerera, R.L., Tabuti, R. and Majaliwa, J.G.M.

Microfinance and the growth of small-scale agribusinesses in Malawi
Dzanja, J.K.

Impact of farm-gate price on food security in Ludewa district of Iringa region, Tanzania
Mbise, M., Ngongola, D.H., Mloza, B., TChale, H., Maonga, B. and Kilima, F.T.M.
Food poverty among pastoral communities in dryland Kenya
Yazan Elhadi, Nyariki, D. and Wasonga, V.

Development of business capacity and organisation of commercial business
of Farmer Based Organisations in the West Mamprusi district in the northern
intervention zone in Ghana
Tortoe, C. and Amo-Awua, W.

Viability and welfare implications of project supported Small and Medium
Agribusiness Enterprises in Malawi
Mtsitsi, L.

Citrus market access in Kyoga plains agricultural zone in Uganda
Kongai, H., Mangisoni, J., Elepu, G., Kwapata, M.B., Chilembwe, E.
and Makoka, D.

Institute of Indigenous Knowledge (IIK): Options for food security through
diversity
Anke Weisheit
